THE TRUTH IS OUT THERE. ARE YOU COURAGEOUS ENOUGH TO DISCOVER WHAT IT IS AND ADAPT YOUR FUTURE ACCORDINGLY?

The sci-fi novel CYBERNAUT foretold the future more than 25 years ago and it has scared quite a lot of people. Why? Because it has since come true. If you have the courage to read CYBERNAUT it foretells the next thousand years and it is happening fast.

Written by an author who has experienced bouts of ESP since a young child, left his body via astral travel, seen the spirit of a loved one rise up at the moment of death, seen a group of flying saucers in formation with advance warning where to be and when, been shown examples of the paranormal by revered Holy Monks in a remote Buddhist Temple close to the Himalayas – unbeknown to him, the Temple founded on the author’s birthday (9/11) – and during the typing of CYBERNAUT rose up and found he was looking down at himself as he wrote, whilst simultaneously it was announced on the radio the founder of Scientology and prolific sci-fi author L. Ron Hubbard, had died. It has been speculated that CYBERNAUT may have been L. Ron Hubbard’s last book, communicated to author Ian Quartermaine and Jake Anthony just as all were changing states. It was Jake and Ian’s first book and was instantly offered a movie deal for the screenplay.

Former head of Scientology in the U.K., David Gaiman, who was known to Jake Anthony and Ian Quartermaine, his senior U.K. Scientology executives having previously audited Jake using the Scientology method, believed CYBERNAUT had an element of L. Ron Hubbard’s content and writing style. Being Jewish, David was intrigued that the first future fusion of artificial intelligence and organic human DNA was from a long dead Jewish prophet. In addition to accurately foretelling the future, where did that all come from?

The story behind the story of the three part novel CYBERNAUT is as much unexplained science-fiction, as the highly challenging content of the novel itself. Truth can be stranger than fiction, and this series of events deserves scientific exploration and verification.

If you are highly religious, have a closed mind, are of a sensitive disposition or emanate from a sheltered personal background, do not purchase or read this novel.
